

FISHERGATE PRIMARY SCHOOL

Internet Policy for Pupils

Our school has provided a computer suite with access to the Internet to help our learning. These rules are to keep everyone safe and help us be fair to others.

- I will not go in other people's files and folders
- I will only use the computers for schoolwork, homework and general educational purposes.
- I will only use a memory stick if I have permission from a teacher.
- I will only e-mail people I know or that my teacher has approved.
- Any messages I send will be polite and sensible.
- I will never give home addresses or phone numbers.
- I will immediately report any unpleasant material on my screen to a teacher.
- I will ask for permission before I print anything.
- I will only use the search engine Yahoo! unless permission has been given by a teacher to use a different one.

By following these rules we will keep each other and ourselves safe. Not following these rules is unfair to others and could put people in danger.

Be Smart when using the Internet.
