

Week Beginning: 23.10.17

Y5/6

English

This week, we are using the songs of the Sorting Hat from Harry Potter to work on poems which describe the personality traits of students in each of the four Houses. We will use an on-line rhyming dictionary to help create rhyming poems, and broaden our vocabulary.

In spellings, we are learning to spell ough words.

Maths

Following last week's work on equivalence and ordering fractions, we are now learning to calculate with fractions using the four operations.

Keep practising those times tables to earn stickers on your Going for Gold certificate!

There will be 4 Mathletics activities to complete at home.
