

# Early Years Newsletter

March 2014

## Junk Modelling

The children in the Early Years love being creative with all your contributions of junk for modelling.

So thank you! Please continue bringing in your unwanted rubbish to keep fuelling their imaginations!

However, please can we request that your donations do

not include medication boxes because we do not want to be encouraging the children to play with medication packaging at home.

Whilst writing about junk contributions, we always seem to have a huge shortage of bottle tops and tubes for the children, so get saving those milk tops!

## Early Years Playground

As you may be aware, we are aiming to make some alterations to the Early Years playground. An area which we would like to tackle this half term is the emptying of the sand pit to create an outdoor sand/mud kitchen. A skip has been hired for the week beginning 31st March. If during this week you are able to help give some time to help dig and move sand, please see Mrs Batchelor for further details. Any help will be much appreciated!

## Coats please!

Please ensure that your child brings their coat to school every day! With it only being March, the weather can still get cold through the day and unfortunately some children have not been dressed appropriately to play outside.

Finally, Mrs Batchelor would like to say a huge thank you for the warm welcome she has received this half term, following her return to the Early Years after maternity leave.

Also, the whole team would like to say thank you for your support as we find our feet with the team changes and work through this transition period.
