

Many children may need additional help at some point during their school life.

School parent partnership offers impartial, confidential advice and information to parents and carers of children and young people.

We work closely in partnership with parents and carers to ensure their child gets the education they are entitled to.

We provide support and guidance to parents and carers who may have concerns about their child's education and listen to their views.

Parents and carers have the best understanding of their children and have important information about their child's educational needs.
