

Week Beginning: 2.10.17

Y5/6

English

We are exploring characters in *Harry Potter and the Philosopher's Stone*. This will help us with our textiles workshops later in the week. We are also going to write e-safety leaflets.

Wednesday 4th October is National No Pens Day so our English lesson will be drama related to our Harry Potter work.

Maths

This week we are learning to use formal column methods for multiplication (short and long). On No Pens Day we will play a variety of multiplication games. Keep practising those times tables to earn stickers on your Going for Gold certificate!

There will be 4 Mathletics activities to complete at home.
