

Week Beginning: 27.11.17

Y5/6

English

This week, we are using our reading comprehension skills to perform some Harry Potter drama. We are using extracts from Harry Potter to build our inference skills and to explore themes.

Maths

This week we are revisiting our learning so far. Year 5s will be looking at the relationship between fractions, decimals and percentages.

There will be 4 Mathletics activities to complete at home.
